CASA's Campaign for King's Ridge recognizes The Miller Family Foundation for gift to support permanent, supportive housing in Raleigh

(RALEIGH, NC) – CASA is pleased to announce a \$500,000 gift from The Miller Family Foundation to develop King's Ridge, a permanent supportive housing community for people and families moving out of homelessness in Wake County.

CASA's Campaign for King's Ridge is a public private partnership that has raised \$7M in private investment toward a construction goal of \$16.6M. The campaign also has a \$2M endowment goal to assist with long-term sustainability.

Mary Jean Seyda, CASA CEO, says "We are humbled by the level of support we've received from the Miller Family Foundation. Their \$500,000 investment will help provide stability and safety for those in our community who need it most."

King's Ridge will provide apartments for 100 households, serving both individuals and families. The property's main floor will include community space, offices, and access to wrap around services like case management and integrated primary and mental healthcare. The site is well located minutes from downtown Raleigh with a public bus stop across the street.

King's Ridge will focus on housing those earning 30% of the Area Median Income (AMI) or less, who are chronically homeless and are living with a disability.

"We are excited for the opportunity to partner with CASA to contribute to a place like King's Ridge, whose vision beautifully embodies Jesus's unequivocal command to love our neighbors, particularly those that society tends to overlook," says Lauren Miller Wieczorek of the Miller

Family Foundation. “We are eager to see the incredible impact this place will have on our community.”

King’s Ridge is modeled after successful permanent, supportive housing models across the county like Moore Place in Charlotte, a 120-unit apartment community providing a home and supportive services to Charlotte’s lowest income population.

CASA is a non-profit affordable housing developer and property manager whose mission is to provide access to stable, affordable housing for people who are homeless or at risk by developing and managing rental communities. Since 1992, CASA has focused on building and managing affordable housing for low-income families, individuals living with disabilities, and veterans. CASA actively manages nearly 500 affordable apartments and homes in Wake, Durham, and Orange counties and has plans to double its portfolio over the next few years.
